ABOUT ME

Recently trained in C#, ASP.NET, HTML, JavaScript, SQL and Git. Graduated in mechanical engineering and passionate about computers, I've been involved in programming throughout all my training and career in engineering. Towards the end of 2020 I decided to change direction and finally get invested on a professional transition into the field of software development. I am currently looking for a software development job.

CERTIFICATES AND COURSES

07/2021 – 09/2021 CURRENT
